

ISO 45001 OHS MANAGEMENT SYSTEM POLICY

As **Atakey Patates Gıda San. ve Tic. A.Ş.**, we are committed to establishing and maintaining a healthy and safe working environment for all our employees and visitors by embedding occupational health and safety (OHS) principles into our corporate culture across all stages of our production and supply processes — including the storage, packaging, and shipment of our products. Within the scope of this commitment, we pledge to;

- Prioritize occupational health and safety in all our processes to create and maintain a healthy, ergonomic, and safe working environment,
- Identify potential hazards and minimize risks at their source to prevent situations that could threaten occupational health and safety,
- Strive to reduce workplace accidents in line with the fundamental principles of occupational health and safety,
- Continuously improve and optimize our business processes using the most effective and safest methods,
- Ensure full compliance with applicable occupational health and safety laws, regulations, and relevant standards,
- Enhance the OHS awareness of all stakeholders in our value chain, starting with our employees,
- We will consult with our employees and encourage their active participation in occupational health and safety matters. Through our open communication channels, we will carefully review employee feedback on safety issues and ensure that all concerns are addressed promptly and effectively.
- Ensure effective readiness for potential emergencies and regularly review our crisis management procedures,
- Continuously review and improve our Occupational Health and Safety Management System to identify and implement opportunities for enhancement.
